

Bunny Stamps

Instructions

Use a cardboard roll that is able to be bent, or make your own out of card.

Cut the roll into three even pieces. Squash two of the rolls slightly, and pinch at one edge to make a teardrop shape. Glue the three pieces together (as per image). When dry, dip one end into paint and press firmly onto either paper, calico material or make a card.

You can draw or paint on more details e.g. eyes, nose, whiskers. Another option is to create an oval shape out of a single piece of the roll to make easter egg shapes to decorate.

WHAT YOU NEED

Cardboard roll

Paint brush

Brush

Hot glue

Paper, Card, Calico material (optional)
