

Card Cone Bunny

Instructions

You can download a template from our website <http://manual.porse.co.nz/node/4735> or trace around a plate on a white piece of card.

Colour in with pastel colours. Cut around the shape, then cut in half.

Curve into a cone shape and secure with double sided tape.

Cut out some ears and tape to the back of the cone. Make some whiskers out of thin cut paper or card. Cut out a little triangle nose. Glue or tape to the front middle of your cone and draw on two eyes to create a little bunny face.

WHAT YOU NEED

- Piece of white card
- Pastel coloured crayons, pencils, felts or pastels
- Glue or double sided tape
- Scissors
