

# Easter Mask

## Instructions

Take your plate and cut small holes where your child's eyes would sit.

Paint your plate if you like or just leave white. Cut out two large ears and secure on the back of your plate with the ears standing up over the plate. Also glue/tape on a stick to hold your mask at the bottom of the plate.

Glue/tape on the pipecleaners to create whiskers, then a pom pom nose and two pom poms for cheeks under the nose.

## WHAT YOU NEED

- Paper or plastic plate
- Piece of card
- 3 x pipecleaners
- 3 x pom poms
- Pastel coloured paint
- Glue or double sided tape
- Stick
