

# Egg Carton

## Poppy Wreath

### Instructions

Cut the cup parts off an old egg carton. You can shape these into flowers or just leave as is. Paint the cups red, once dry, paint black dots in the centre.

To create a wreath, use a small paper plate and cut out the centre, leaving enough room to stick on your leaves and flowers. If you don't have a plate, you can cut a circle out of cardboard. Paint your wreath green.

Cut out some green leaf shapes or use some leaves from the garden. Space the leaves and flowers around the wreath and secure with glue. When dry you can hang your wreath with a ribbon or string.

**WHAT YOU NEED**  
Egg Carton  
Scissors and Glue  
Red/Green/Black Paint  
Green paper/card  
Paper plate or card  
Ribbon or String
