

Queen's Crown

Instructions

Measure around your child's head to get the right length of card. Crowns can be cut into various shapes. Children who can use scissors can cut their own. Have fun decorating the crowns with paint, crayons, glitter, gems, buttons, ribbon, etc.

Once decorated, secure ends together with tape. If making a smaller crown, you can attach elastic.

Now you have your royal crown, sit down to a *royal high tea party!*

WHAT YOU NEED

Card
Paint
Gems, glitter, buttons,
other decorations
Tape
Elastic
