

Training Programme Evaluation

National Certificate in Early Childhood Education & Care (Level 3) (Version 4)

As an organisation that prides itself on self-review, we offer all learners an opportunity to give their feedback on their experience of our early childhood education qualification. As a part of this, learners are asked to use a rating scale of 1-5 (with 1 being excellent and 5 being poor) to share their view of the qualification administration, delivery and support. Here we provide a summary of evaluation feedback from learners - have a look at our wonderful results.

Overall Summary 2015

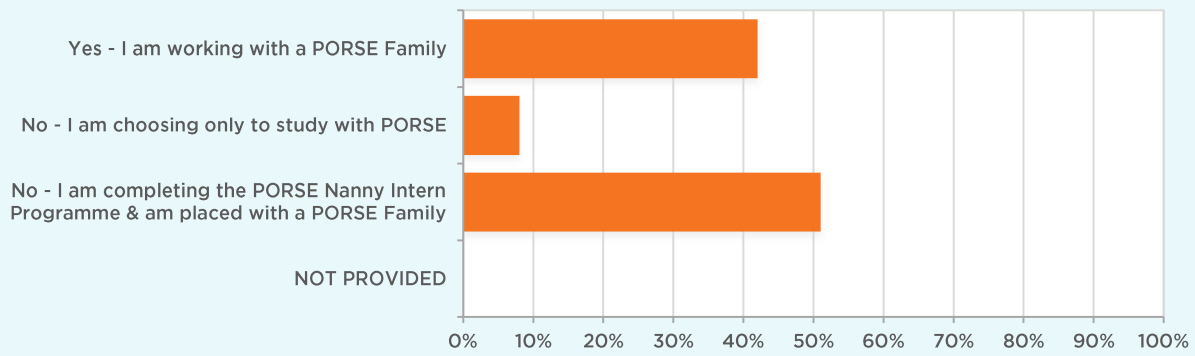

The evaluation survey was sent out to a total of **213** learners in 2015. Of these **213** evaluation forms sent out, we received a total of **130** responses.
